

Food Frenzy Toolkit

This summer, the number of people experiencing hunger continues at crisis levels, with people of color, migrants, Indigenous populations, and refugees experiencing food insecurity at twice the rate of the general population. As a Food Frenzy

Coordinator, you've stepped up to lead your organization in Food Lifeline's mission to feed people who are experiencing hunger today and solve hunger tomorrow. This year, our focus will be the root causes of food insecurity: poverty, inequity, and systemic oppression.

To set you up for success to root out hunger this year, we're providing this toolkit to share best Food Frenzy practices and ideas.

With your hard work and creativity, we'll continue to increase access to healthy, nutritious food for our friends and neighbors.

OVERALL AWARDS

These winners have accrued the most points, based on the Point Guidelines for financial donations, food items, and volunteer hours included in this document. This category takes into account the total points earned, regardless of the size of the company and number of employees. A First, Second & Third place will be awarded per sector.

PER CAPITA AWARDS

These winners have accrued the most points per capita. This category reflects the size of the organization by taking the total number of points divided by the total number of employees. A First, Second and Third place will be awarded per sector.

PARTICIPATION AWARDS

This award honors and recognizes those organizations with 100% participation by employees. Every organization with 100% participation earns this award.

The winner of this award has achieved the greatest percentage increase in points per capita over the previous year's Food Frenzy points. This award is designed to recognize significant achievement by a returning competitor. Only one award will be presented.

Mightycause Charity Donation Page

We want to make it easy for you to raise funds through Food Frenzy! Your Company's online donation page is through a site called Mightycause. This includes a unique URL link to share with your employees and community and all donations go directly to Food Lifeline.

These pages allow you to tell your story and track all online donations coming in for your company. For context, it is very similar to CrowdRise and Go Fund Me Charity but with some new features that make it more powerful and easier to use. This year, you will be setting up your own pages – we have found that setup is much simpler than previous tools. You will be able to edit information, add pictures & videos, and personalize the page for your company.

Fundraising officially starts July 16, 2021. Simply share the unique URL for your page and ask donors to click the "DONATE" button at the bottom of your team page. Remember, all the money raised will tally up on your company's fundraiser and will count toward your Food Frenzy points! Look for more resources and emails from us along the way that will help you in your fundraising and Food Frenzy efforts!

Find the Food Frenzy Campaign Page [here](#). You can always visit this page to view the live leaderboard, see who has created a team, and the total amount that each company has raised thus far in the competition. If you need help setting up your page or have further questions, please email [Marisa Kent](#), [Leeann Huntington](#), or [Kyle Plummer](#).
