HELP US FILL THE HOLIDAY TABLE

Food Lifeline is on a mission to end hunger in Western Washington. We believe that access to food is a basic human right and that nobody deserves to be hungry. Food Lifeline provides nutritious food to more than 1 million people facing hunger by sourcing nutritious food from a variety of food industry partners. We distribute through a network of over 300 food banks, shelters, and meal programs, enabling us to provide the equivalent of more than 216,000 meals every single day.
