- LEVEL 0 Need for Coordinated Humanitarian Services:** DAC Agencies activated to help people gain access to available programs and services.
- LEVEL 1 Low Impact Emergencies:** Day-to-day emergencies requiring minimal coordination and assistance. During single-jurisdiction events, the affected jurisdiction's EOC may make direct contact with individual DAC organizations. **Give "Heads Up" to DAC agencies.**
- LEVEL 2 Medium Impact Disaster:** Any emergency requiring more than routine coordination and assistance, and generally involving multiple jurisdictions. **Most incidents at this level will necessitate mass care. DAC Agencies are activated to give a "Targeted Response."**
- LEVEL 3 High Impact Disaster:** Any emergency requiring a high degree of coordination and generally involving state and federal assistance. **Most DAC agencies will participate in the response and recovery.**
